INSTRUCTION:

(1) If the respondent is a consultant employed by a consulting firm, the place refers to an office of the consulting firm rather than the office of a client. If the respondent is a civil servant at a local, state, or the federal government, the place is a departmental level agency (e.g. department of education, department of labor), not the entire government.

(2) The main relevant criterion for the answer is whether the work place of the respondent is just one location or a multi-location organization. If the respondent is not sure, simply record "8" as the answer. For our purposes, however, there are two special cases that can be dealt with unambiguously.

(a) If OCC suggests that a respondent is a government employee:

--The interviewer should record "part of a larger organization" (option 1) as the answer without asking the respondent.

--Moreover, substitute "other departments or agencies of the government" for "other parts of the larger organization" in subsequent questions.

--On the relationship between the respondent's work place and the larger organization (PARTORG), the answer should be recorded as "a government agency" (option 3) without asking the respondent.

(b) Similarly, if OCC indicates that a respondent is a public school teacher:

--The interviewer should record "part of a larger organization" (option 1) as the answer without asking the respondent.

--In subsequent questions, please change the wording accordingly. For instance, the interviewer should substitute "other schools of the school system" for "other parts of the larger organization."

--On the relationship between the respondent's work place and the larger organization (PARTORG), the answer should be recorded as "part of a school system" (option 4) without asking the respondent.

IF PART OF AN ORGANIZATION:

703. A. Have you ever worked full time at other parts (locations/schools/government departments or agencies) of the larger organization?

741. In the next statement a score of 1 means that you think almost all of the people in the group have a "commitment to strong families." A score of 7 means that you think almost everyone in the group "lacks a commitment to strong families." A score of 4 means that you think that the group is not towards one end or the other, and of course you may choose any number in between that comes closest to where you think people in the group stand.

REMARKS: Hand card EV contained response options 1-7.

742. In the next statement a score of 1 means that you think almost all of the people in the group have a "commitment to the fair and equal treatment of all groups in society." A score of 7 means that you think almost everyone in the group "lacks a commitment to the fair and equal treatment of all groups in society." A score of 4 means that you think that the group is not towards one end or the other, and of course you may choose any number in between that comes closest to where you think people in the group stand.

770. Now I'd like you to imagine a neighborhood that had an ethnic and racial mix you personally would feel most comfortable in. Here is a blank neighborhood card, which depicts some houses that surround your own. Using the letters A for Asian, B for Black, H for Hispanic or Latin American and W for White, please put a letter in each of these houses to represent your preferred neighborhood where you would most like to live. Please be sure to fill in all of the houses.

REMARKS: Hand Card FC was a graphical depiction of 14 houses surrounding "your house." Respondents were asked to fill in letters in each house to represent a most desirable racial-ethnic mix. In the sheet given to respondents, houses were empty and an A, B, H, or W was to go into the middle of each house. Here, numbers have been placed in the houses to clarify which variable pertains to which house. House #1 is NEIETH1, etc.

771. **IF ATTENDED HIGH SCHOOL (EDUC), ASK IN TERMS OF “HIGH SCHOOL.” IF LEFT SCHOOL BEFORE HIGH SCHOOL, ASK IN TERMS OF “THE LAST SCHOOL YOU ATTENDED.”**

- A. Was the high school/last school you attended all white, mostly white, about half white and half other races, mostly other races, or all other races?

REMARKS:

In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR>0) or (WWWMIN>0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR>=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR>=4).

REMARKS: In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR>0) or (WWWMIN>0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (Q.767A=1); and 2) ever used the Web (WEBTV=1); and 3) used the Web at least 1 hour per week (WWWHR>=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR>=4).

REMARKS:

In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR>0) or (WWWMIN>0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR>=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR>=4).

784. Now I would like you to think about the last time you used the Web to get information or exchange views about a political or social-policy issue, current affairs, or a political campaign.

A. Thinking back to this occasion, did you learn anything new about the issue or campaign?

REMARKS:

In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR >0) or (WWWMIN >0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR >=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV ([WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR >=4).

REMARKS:

In 2000, filter logic for the computer questions varied across versions of the survey. In Version 4, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web more than 0 minutes per week (WWWHR >0) or (WWWMIN >0). In Versions 5 and 6, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 1 hour per week (WWWHR >=1). In Versions 1 and 2, computer questions were asked of respondents who: 1) used a computer (COMPUSE=1) or Web-TV (WEBTV=1); and 2) ever used the Web (USEWWW=1); and 3) used the Web at least 4 hours per week (WWWHR >=4).

837. Many people think it is important to have complete freedom of the press and news media in the United States. Others think that the press too often invades the privacy of public figures—like Senators or members of Congress by printing stories that contain personal details about their private lives. Which of the three statements on this card comes closest to your feelings about balancing freedom of the press and the right to privacy?

850. Next, I'm going to read you some descriptions of health problems people sometimes experience. Some people might go to a doctor, others might not.

A. The first description is:

Not being able to do moderate activities, such as moving a table, pushing a vacuum cleaner, bowling or playing golf?

How likely would you be to seek medical treatment—that is, see a doctor, a nurse or other health professional—for this situation? Would you definitely go probably go, probably not go, or definitely not go?

852. As you know, when people go to doctors, they may hold different expectations of what should result from their treatment. I'm going to describe a health problem. Please tell me how much you, yourself, would expect to get each of the following:

- A. Say you went to treatment because you feel downhearted and blue and this interferes with your social activities (like visiting friends, relatives, etc.)

Would you definitely expect, probably expect, probably not expect, or definitely not expect your overall quality of life to improve?

REMARKS: Vignette wording:

Imagine you've been experiencing headaches. You visit your doctor and talk to him about your symptoms. You also tell the doctor that you've been feeling a lot of stress lately. After doing a complete examination, the doctor decides that the headaches are probably due to stress. The doctor wants to work with you over the next month to reduce your stress.

You want to have an MRI to make sure everything is OK. An MRI is a special and expensive type of x-ray that allows doctors to take detailed pictures of parts of the body such as the heart, spinal cord, or head.

Remember that after your complete examination the doctor thinks you don't need the MRI. Then imagine that you have the following conversation with the doctor about the MRI and financial incentives. In this dialogue, the patient speaks first.

VIGNETTE 1 - CODE 1

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: Our physician's group does have financial incentives to keep costs down by avoiding tests when they are not necessary. However, no single decision about an MRI affects my salary. In my opinion an MRI is not needed in your case.

VIGNETTE 2 - CODE 2

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.

DOC: It used to be that physicians were able to provide tests for patients just to set their minds at rest. Unfortunately, your health plan won't allow me to do it for that reason. Even though I'd like to order it for you, your plan is not going to pay for it.

VIGNETTE 3 - CODE 3

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.
 DOC: I can understand that you're worried about whether everything is OK. It also sounds like you're worried that I'm not ordering the test because it's too expensive. These days with Managed Care lots of people share your worries about this. I want to set your mind at rest because I truly do not think that the test is needed at this point.

VIGNETTE 4 - CODE 4

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.
 DOC: I understand that you'd like an MRI to make sure that everything is OK. But based on your symptoms, I really don't think you need one. I'd like to treat you for a month or so and then talk again about whether we need an MRI. Would that be acceptable to you?

VIGNETTE 5 - CODE 5

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.
 DOC: I've had a lot of experience taking care of patients with problems like yours. The problem you're having is really quite common. You should follow the treatment I've outlined, and then I can reevaluate the situation again in a month.

VIGNETTE 6 - CODE 6

PAT: I'd feel better if I had an MRI. I'm worried that you won't order it because it's too expensive.
 DOC: I usually don't order an MRI under circumstances like yours. There's no outside pressure that has made any difference in how I treat patients with headaches. You may set your mind at rest that I'm doing this because this is how I practice medicine.

860. This section is about physicians telling patients about how health insurance and managed care policies affect health care. First, I will ask you about your health care. Later, you will hear a recorded conversation between a doctor and patient and I'll ask some questions about the conversation.

Do you have a regular doctor or clinic?

REMARKS: Vignette text:

Next I'm going to describe a youth -- named (John/Mary). After I read a description of (him/her) I'll ask you some questions about how you think and feel about (him/her).

ADHD vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female), (child who is 8/youth who is 14) years old. (John/Mary) has always had trouble in school, especially in completing assignments on time, even though (he/she) has average intelligence. (John/Mary)'s teachers note that (John/Mary) is very distractible, and that they often have to remind (John/Mary) to get back to the task at hand. (John/Mary) is often up and down, out of (his/her) seat, looking out the window, or talking to classmates (John/Mary) does similar things at home. (His/Her) parents notice that (he/she) easily forgets what (he/she)'s supposed to be doing, has trouble getting up in the morning and going to bed at night, and loses things like toys and games. (John/Mary) also has difficulty making and keeping friends.

Depression vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. In the last few months, (John/Mary) has been increasingly moody, staying in (his/her) room after school, and seems to have lost interest in (his/her) favorite hobbies and in friends. (John/Mary) says that (he/she) always feels very tired even though (he/she) is sleeping more than normal, and doesn't feel like eating. (John/Mary) has been having trouble concentrating on what (he/she) is doing both in school and at home, and has told (his/her) parents that "I wish I hadn't been born." One of (John/Mary)'s friends has also heard (him/her) talk about committing suicide.

Normal vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has several friends in (his/her) neighborhood that (he/she) gets together with one or two times per week, and is involved in several hobbies, including sports and music. (John/Mary) usually gets along fairly well with other kids, but occasionally has some problems with needing to have (his/her) own way or go first in games. (John/Mary) is of average intelligence and behaves appropriately at school, although (he/she) tends to be somewhat shy about participating in class. (John/Mary)'s parents note that (he/she) is sometimes moody, but this comes and goes.

Asthma vignette

INTERVIEWER: READ SELECTED VIGNETTE, THEN GIVE CARD FOR VIGNETTE (CHLDVIG) TO R FOR REFERENCE.

(John/Mary) is a (white/black), (male/female) (child who is 8/youth who is 14) years old. (John/Mary) has a history of breathing problems. (John/Mary) often has bouts of coughing at night, and doesn't sleep very well. (His/Her) parents and teachers have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall, and during strenuous sports activities. (John/Mary) used to enjoy playing soccer but recently gave it up because of these problems. (John/Mary) feels badly about (his/her) breathing problems, which seem to be getting worse, and wishes (he/she) could "be just like other kids." (John/Mary) is involved in several hobbies, including sports and activities with several friends.

959. First, I'd like to know what you think may be wrong (if anything) with (John/Mary).

PROBE: Anything else?

The next question refers to [COUNTRY NAMED IN NATBORN]. In a moment, I will show you a card that has three boxes— A, B, and C. There's something I want to explain before I show you the card. We just want you to choose one box. We do not need to know anything specific about what's inside the boxes.

Box A and Box B show pictures of houses. Box C is for any kind of house not shown in the pictures.

Box A

Farm

Box B

Apartment building

Hut, Shack or other nonstandard dwelling

Single-family house

Box C

Other type of dwelling
(specify)

999. Thinking back to the time when you were born, tell me which box shows the kind of house your family lived in at that time: A, B, or C? We just want you to choose one box.

REMARKS: Hand Card C3 contains the following: Box A shows a boat. Box B shows airplane/ truck/ car, truck, or bus. Box C is categories not shown in A or B.

IF RESPONDENT HESITATES OR CALLS OUT AN ITEM IN BOX B, SAY: If you're in Box B, we do not need to know which specific type of transportation applies to you. The reason is that, right now, we're focusing on Box A.

**The 2004 Topical Module: Genes and the Environment
(GENEVIG1-INTRWGHT)**

INSTRUCTIONS FOR QUESTIONS GENEVIG1-GENENVO4:

Character, personality, and many types of behavior are influenced both by the genes people inherit from their parents and by what they learn and experience as they grow up. For each of the following descriptions, we would like you to indicate what percent of the person's behavior you believe is influenced by the genes they inherit, and what percent is influenced by their learning and experience and other aspects of their environment.

The boxes on handcard D1 are arranged so that the first box on the LEFT (which is numbered 1) represents 100% genetic influence (and 0% environment). The next box (numbered 2) represents 95% genes (and 5% environment), and so on. The RIGHTMOST box (numbered 21) represents 100% environmental influence (and no genetic influence). After each description, please type the number of the box that comes closest to your answer.

Please use the numbered scale on handcard D1 to indicate, FOR EACH OF THE BEHAVIORS DESCRIBED, what percent of the person's behavior you think is influenced by the genes they inherit, and what percent is influenced by their learning and experience. After each question, type the number of the box that comes closest to your answer. Remember, the higher the number, the more you think the behavior is influenced by learning and experience; the lower the number, the more you think it is influenced by genes

**The 2004 Topical Module: Altruistic Love
(AGAPE1-AGAPE4)**

Some of the following items refer to a specific love relationship, while other refer to general attitudes and beliefs about love. Whenever possible, answer the questions with your current partner in mind. If you do not have a current partner, answer the question with your most recent partner in mind. If you have never been in love, answer in terms of what you think your response would most likely be.

For questions ALLOFLFE-GODCLOSE: The list that follows includes items you may or may not experience. Please consider if and how often you have these experiences, and try to disregard whether you feel you should or should not have them. A number of items use the word 'God.' If this word is not a comfortable one, please substitute another idea that calls to mind the divine or holy for you.

You may experience the following in your daily life, if so how often.

1031. Experience a connection to all of life

1044. Now I would like to ask you some questions about your use of alcoholic beverages during the last 12 months. How often did you have 6 or more drinks of wine, beer, or liquor in a single day? (REFERENCES AS NEEDED: that would be a bottle or more of wine/more than 2 quarts of beer/a half pint or more of liquor.)

REMARKS: There are a small number of inconsistent responses to the preceding items on alcohol consumption during the last year (e.g. reporting drinking 1-3 times a year on DRINKYR and drinking 4 or more times on DRINK6UP). These have been retained so researchers can examine these discrepancies. The next few questions are about how much wine, beer, and liquor you may have had during the last 12 months. When we say one drink, we mean a can, bottle, or glass of beer; a glass of wine, or any drink containing liquor of any kind. Hand Card F1 contained responses 1-8. This question was asked only to women respondents.

1045. Think of all kinds of alcoholic beverages combined, that is, any combination of cans, bottles or glasses of beer; glasses of wine; or drinks containing liquor of any kind. During the last 12 months, what is the largest number of drinks you had on any single day? Was it:

1066. Now, please think about this situation. Two scientists want to know if a certain drug is effective against high blood pressure. The first scientist wants to give the drug to one thousand people with high blood pressure and see how many of them experience lower blood pressure levels. The second scientist wants to give the drug to five hundred people with high blood pressure, and not give the drug to another five hundred people with high blood pressure, and see how many in both groups experience lower blood pressure levels. Which is the better way to test this drug?

1068. Now, think about this situation. A doctor tells a couple that their genetic makeup means that they've got one in four chances of having a child with an inherited illness.

A. Does this mean that if their first child has the illness, the next three will not have the illness?

The next few items concern some public issues.

1079. The first issue is global warming. Global warming means a trend toward warmer temperatures throughout the world, with more extreme weather in many places and changes in food production that could affect our way of life. Some people believe that the burning of gasoline and other fossil fuels causes global warming. Others say that global warming has purely natural causes.

HAND CARD B10

1089. The first issue is federal income taxes. Some people say that reducing income taxes almost always helps the economy grow. Others say that reducing income taxes has very little long-term impact on economic growth but could cause a big increase in the deficit. Please look at Card B10. (On a scale of 1 to 5, where 1 means "Very Well" and 5 means "Not at All"), how well do the following groups understand the likely effects of reducing federal income taxes?

1093. Here is another public issue: genetically modified foods. Genetically modified foods come from plants or animals whose characteristics have been changed by the alteration, addition, or deletion of DNA in their genetic material using advanced laboratory techniques.

Some say that genetically modified foods are unsafe and pose risks for human health. Others say that they are safe and necessary to reduce world hunger. Please look at Card B15. (On a scale of 1 to 5, where 1 means "Very Well" and 5 means "Not at All"), how well do the following groups understand the risks posed by genetically modified foods?

INSTRUCTION: IF ASKED WHAT "ADVANCED LABORATORY TECHNIQUES" MEANS: This typically involves "recombinant DNA" or "gene splicing," in which genetic material from one organism is inserted into the genes of another. Sometimes, the two organisms are members of different species.

REMARKS: Hand Card B22 contains responses 1-4.

1101. 2007-2008 has been designated the International Polar Year. During this year, many scientific and educational organizations will be making efforts to increase public awareness of the Earth's polar regions. These organizations hope that people will learn more about the people and animals that live near the poles, the changes taking place in the environment there, and new scientific discoveries about the Arctic and the Antarctic. Still looking at Card B22, do you think you would be very likely, somewhat likely, somewhat unlikely, or very unlikely to...

1102. The next few questions are about the Arctic and the Antarctic. The Arctic is the region around the North Pole; Antarctic is the region that contains the South Pole. These questions are like ones you might see on a television game show. If you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know.

INSTRUCTION: DO NOT PROBE "DON'T KNOW"

Section F: NEW SCIENCE ITEMS

Now, we are going to do some more detailed questions on science and technology. Scientists and educators are interested in how familiar adults are with the things being taught in today's schools. Many of these questions are likely to concern things that weren't taught or emphasized when you were in school. Some of the questions involve pictures or graphs. SELF-ADMINISTERED CONDITION ONLY: You may not know the answer to every question. Just hit the [F7] key to move onto the next question. When you are ready, please ask the interviewer for the cards with the pictures.

1141. Please look at Card I-3. Day-night rhythms dramatically affect our bodies. Probably no body system is more influenced than the nervous system. The figure on Card I-3 illustrates the number of errors made by shift workers in different portions of the 24-hour cycle.

Based on the data illustrated in the figure, during which of these time periods did the most errors occur?

IF ASKED: A stock option is a right to purchase stock at a set price for several years into the future, typically ten years. For example, one stock option at \$10 means that you can purchase your company stock for \$10 anytime over ten years. A stock option does not include a plan in which there are periodic deductions from payroll to set aside money to purchase shares at the end of an offering period. That is typically called an Employee Stock Purchase Plan.

REMARKS: Hand Card C2 contains responses 81-90.

Please note that if the original response is an exact number and the number is between 1 and 9996, it is entered as it is without using a code. The above table, however, groups the single-number responses in ranges for presentation purposes only. If the original response was a range, a code between 9981 and 9993 was used both in the data file and the above table.

REMARKS: This item was not asked to respondents. It was a preloaded item used to drive skips in a module.

I'm going to ask you some questions about all the people that you are acquainted with, meaning that you know their name and would stop and talk at least for a moment if you ran into the person on the street or in a shopping mall. Some of these questions may seem unusual but they are an important way to help us understand more about social networks in America. Please answer the questions as best you can.

A. How many of the people you are acquainted with are named Kevin?

1201. Currently under federal law, very high power, 50-caliber rifles that can penetrate armor from a mile away are available to people on the same basis as standard hunting rifles. Should such very high power rifles be 1) restricted only to the police and military, or 2) available to civilians like standard hunting rifles as they are at present?

Mary is a **white woman**. For the last several weeks **Mary** has been feeling really down. She wakes up in the morning with a sad mood and heavy feeling that sticks with her all day long. She isn't enjoying things the way she normally would. In fact nothing seems to give her pleasure. Even when good things happen, they don't seem to make **Mary** happy. The smallest tasks are difficult to accomplish. She finds it hard to concentrate on anything. She feels out of energy, out of steam and cannot do things she usually does. And even though **Mary** feels tired, when night comes she can't go to sleep. **Mary** feels pretty worthless, very discouraged, and guilty. **Mary's** family has noticed that she has lost appetite and weight. She has pulled away from them and just doesn't feel like talking.

Tyrone is a **black man**. Up until a year ago, life was pretty okay for **Tyrone**. But then, things started to change. He thought that people around him were making disapproving comments, and talking behind his back. **Tyrone** was convinced that people were spying on him and that they could hear what he was thinking. **Tyrone** lost his drive to participate in his usual work and family activities and retreated to his home, eventually spending most of his time on his own. **Tyrone** became so preoccupied with what he was thinking that he skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, he was walking back and forth at home. **Tyrone** was hearing voices even though no one else was around. These voices told him what to do and what to think. He has been living this way for six months.

Mary is a **white woman**. Up until a year ago, life was pretty okay for **Mary**. But then, things started to change. She thought that people around her were making disapproving comments, and talking behind her back. **Mary** was convinced that people were spying on her and that they could hear what she was thinking. **Mary** lost her drive to participate in her usual work and family activities and retreated to her home, eventually spending most of her time on her own. **Mary** became so preoccupied with what she was thinking that she skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, she was walking back and forth at home. **Mary** was hearing voices even though no one else was around. These voices told her what to do and what to think. She has been living this way for six months.

M1VIG9

Tyrone is a **black man**. **Tyrone** has a history of breathing problems. **Tyrone** often has bouts of coughing at night, and doesn't sleep very well. His family and friends have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall and during strenuous activities. **Tyrone** used to enjoy playing tennis but recently gave it up because of these problems. **Tyrone** feels badly about his breathing problems, which seem to be getting worse, and wishes he could "be just like everyone else." **Tyrone** is involved in several activities and hobbies, and shares these activities with several friends.

M1VIG10

John is a **white man**. **John** has a history of breathing problems. **John** often has bouts of coughing at night, and doesn't sleep very well. His family and friends have noticed that these problems seem to be particularly bad during challenging situations, in the spring and fall, and during strenuous activities. **John** used to enjoy playing tennis but recently gave it up because of these problems. **John** feels badly about his breathing problems, which seem to be getting worse, and wishes he could "be just like everyone else." **John** is involved in several activities and hobbies, and shares these activities with several friends.

Now let us talk about trade with other countries.

1302. Suppose two friends of yours are talking about trade with other countries. One friend thinks that increased trade has created a lot of jobs in the United States for people with jobs like yours. The other friend thinks that increased trade has taken away a lot of jobs in the United States for people with jobs like yours. Which view is closer to your own?

REMARKS: The change in distributions between 2012 and 2014 does not reflect any real change in the distribution of this variable. It appears to result mostly from a slightly lighter shading used for the Lightest (code 1) category in 2012 than in 2014. This drew in fewer ratings in 2012 than the slightly darker Lightest (code 1) category displayed in 2014. The differences in distributions are mostly limited to changes between codes 1 and codes 2.

1451. In the first part of this questionnaire, we would like to ask you about your family and friends. For example, about how often you see or visit them, and when you turn to them for help or advice.

We would like to begin with your brothers and sisters. How many adult brothers and/or sisters - we mean brothers or sisters who are age 18 and older - do you have? (We mean brothers and sisters who are still alive. Please include step-brothers and -sisters, half-brothers and sisters and adopted brothers and sisters)

If you have no ADULT brothers or sisters, enter '0'.

1470. Now we would like to ask you how you would get help in situations that anyone could find herself or himself in. First, suppose you had the 'flu and had to stay in bed for a few days and needed help around the house, with shopping and so on.

A. Who would you turn to first for help?

1487. We would like to know what you think people in these jobs actually earn. Please write in how much you think they usually earn, each year, before taxes. Many people are not exactly sure about this but your best guess will be close enough. This may be difficult, but it is very important. So please try. Please write in how much they actually earn each year.

REMARKS: This variable appeared in 1987, 1993, 1994, 1996, 2000, 2008, and 2010. See EQINCOME for similar question.

This question was self-administered before 2008; it has since been administered by interviewers.

From 1987 through 2000, the category "Can't choose" appeared on the questionnaire; since 2008, "Don't know" has been used instead.

In 1996 and 2010, responses used on the questionnaire were "Agree strongly" and "Disagree strongly" instead of "Strongly agree" and "Strongly disagree". In 2010, due to a programming error, DKs and NAs were not separately coded; they were later separated based on the pattern of responses to adjoining questions.

C. The government should provide more chances for children from poor families to go to college.

1503. These five diagrams show different types of society. Please read the descriptions and look at the diagrams and decide which you think best describes America today. . .

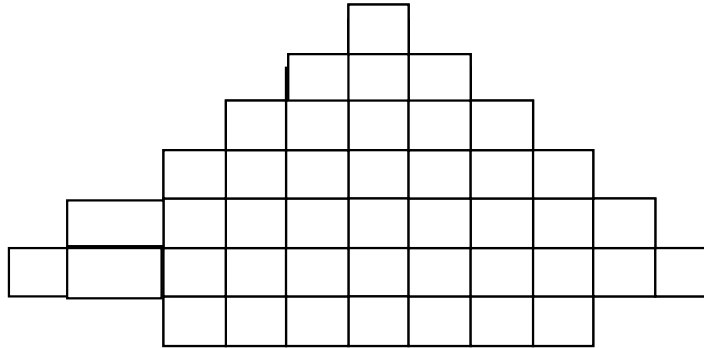

Type A: A small elite at the top, very few people in the middle and the great mass of people at the bottom.

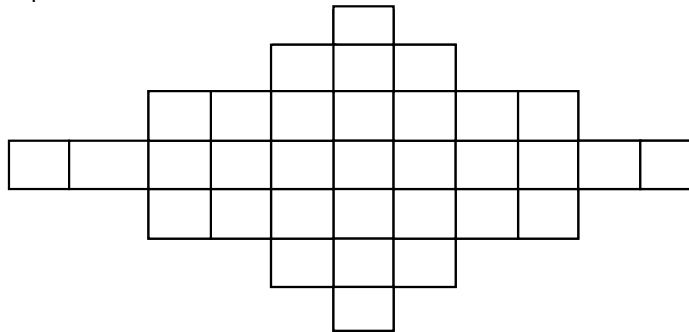

Type B: A society like a pyramid with a small elite at the top, more people in the middle, and most at the bottom

Type C: A pyramid except that just a few people are at the very bottom

Type D: A society with most people in the middle

Type E: Many people near the top, and only a few near the bottom

REMARKS: Qs. FAMSUFFR and HUBBYWRK were asked as part of the 1991 ISSP module on religion; see also Qs. SPIRITS, GRACE, NEARGOD, GOD, JOBSALL, EQUALIZE, HAPUNHAP-ANTIREL. In 1994, TWOINCS used "man" and "woman." In 2002, in Qs. MAWRKWRM-FAMSUFFR, HOMEKID-FEJOBIND, the "disagree" category (punch 5) was collapsed to reflect both disagree and "strongly disagree" response options.

1509. Do you think that women should work outside the home full-time, part-time or not at all under these circumstances:

Please circle one answer on each line.

A. After marrying and before there are children.

REMARKS: In 1988, RWRKNOKD-RWRKGRWN were asked of those who were married and have had children. In 1994 and 2002, RWRKNOKD-RWRKGRWN were asked of those who have had children regardless of marital status. Code 8, "does not apply," was a valid response and given by the respondent whereas IAP, "not applicable," was generated by skip logic.
